About Snippet:

Youth Internet Governance Forum Afghanistan (YouthIGFA) is a dynamic youth-driven initiative, fostering leadership and empowerment in Afghanistan's digital landscape. Our journey began at the inaugural National IGF Afghanistan in 2017, and since then, we've been championing the voices of Afghan youth in Internet governance.

2. ABOUT US

In today's ever-growing digital age, the role of young people is undeniable, particularly in countries like Afghanistan where the youth population accounts for over 70%. While Afghanistan's digital transformation journey began decades ago, the country initiated its National IGF in 2017. It was during this inaugural event that Youth Internet Governance Forum Afghanistan (YouthIGFA) took its first steps, initiating this transformative journey. Created from a clear need to champion the youth, who form the majority of Afghanistan's internet users, YouthIGFA quickly became a guiding light for empowerment, voice, and leadership.

[\[Learn More\]](#)

Mission: -

The mission of YouthIGFA is *“to empower Afghan youth in shaping the future of the Internet through meaningful participation and inclusion in governance decisions.”*

Vision: -

YouthIGFA envisions *“a youth-powered digital transformation for Afghanistan.”*

Goals

YouthIGFA ensures this through working towards realization the following goals:

1. **Youth Participation:** Ensure that Afghan youth voices resonate in all significant Internet-related decision-making spaces within Afghanistan and in the region. Empower them not just to participate but to actively influence discussions and outcomes.
2. **Youth Recognition:** Highlight and celebrate young achievers who have made significant contributions to Afghanistan's digital landscape through various YouthIGFA recognition mechanisms, e.g. an annual award program.
3. **Youth Leadership:** Cultivate a new generation of youth leaders who will champion Internet-related issues within the country and represent Afghan youth on global platforms. These leaders will also mentor and guide future YouthIGFA participants.
4. **Partnership for Youth Empowerment:** Establish collaborations with international organizations, governmental bodies, NGOs, and private sector entities to create diverse opportunities for Afghan youth. These opportunities should include internships, mentorship programs, and job placements within the digital sector.

Values:

The core values underpin our approach to the YouthIGFA's mission and goals, emphasizing the importance of inclusivity, empowerment, collaboration, and youth-centricity in its work.

1. **Inclusivity:** Ensuring the participation and representation of all Afghan youth, especially those often marginalized.
2. **Empowerment:** Equipping Afghan youth with the knowledge and skills necessary to navigate the digital realm and make informed decisions.
3. **Collaboration:** Building strong partnerships and alliances across sectors to amplify youth voices in Internet governance.
4. **Youth-Centrism:** Prioritizing the unique needs, perspectives, and opportunities of young Afghans in the digital domain.

Objectives:

Our objectives are the driving force propelling us toward the realization of our mission and goals. Set on an annual basis, these objectives play a crucial role in amplifying youth participation, recognition, leadership, and collaboration. They serve as the guiding lights, setting precise benchmarks for YouthIGFA to pursue, producing tangible and measurable outcomes that ultimately shape a digital future in Afghanistan, with youth at the forefront.

2023 Objectives	2024 Objectives:
<p><i>Youth Participation:</i></p> <p>1. By the end of 2023, relaunch YouthIGFA after 3 years of break. Facilitate youth participation and dialogue by holding at least two workshops on Internet topics within Afghanistan.</p> <p><i>Youth Recognition:</i></p> <p>2. By end-2023, draft concept for an annual YouthIGFA award program to recognize and celebrate young individuals who have made outstanding contributions to Afghanistan's digital landscape.</p> <p><i>Youth Leadership:</i></p> <p>3. By the close of 2023, a draft concept to identify and train emerging youth leaders in Internet governance. This shall be done through the YouthIGFA and partner activities, equipping them with the necessary skills and knowledge to represent Afghan youth on both national and international stages.</p> <p><i>Partnerships for Youth Empowerment:</i></p> <p>4. Establish partnerships with at least three international organizations and two private sector companies before the YouthIGFA 2023 supporting its organization.</p>	<p><i>Youth Participation:</i></p> <p>1. Maintain and expand youth participation, ensuring Afghan youth continue to actively engage in Internet-related decision spaces, with a target of 30% increase in participation by the end of 2024.</p> <p><i>Youth Recognition:</i></p> <p>2. Launch the first annual YouthIGFA award program by end-2024, recognizing and celebrating 5 young individuals who have made outstanding contributions to Afghanistan's Internet landscape.</p> <p><i>Youth Leadership:</i></p> <p>3. Launch the youth leadership development program, aiming to mold an additional 5 youth leaders who can take on influential roles within the Internet governance sphere by the close of 2024.</p> <p><i>Partnerships for Youth Empowerment:</i></p> <p>4. Strengthen existing partnerships and establish connections with five more international organizations and three additional private sector companies, ensuring a wider array of opportunities for Afghan youth, including mentorship programs, scholarships, and job placements in the digital sector.</p>

History: Tracing Our Digital Footprints

Our origin is rooted in the passion of young Afghans eager to make a digital difference.

- In 2017, a spark was ignited during the "Youth in Internet Governance" workshop at the first National IGF Afghanistan (IGFA). That spark expanded, involving stakeholders from diverse arenas.
- By 2018, our commitment to the cause bore fruit with the establishment of pre-YouthIGFA, exclusively centering the discourse around youth and Internet Governance.

- Finally, in 2019 we were able to organize the first full-fledged Youth Internet Governance Forum Afghanistan (YouthIGFA).

Every milestone is a testament to the spirit of Afghan youth, their dedication, and their undying belief in a better digital future.

Meet the Team: The Pulse Behind the Movement

Meet the dedicated individuals who drive YouthIGFA's mission and initiatives. Our team consists of passionate professionals, youth leaders, and experts in the fields of internet governance, youth empowerment, and digital technology.

Become a Partner:

Believe in the digital promise of Afghan youth? Want to be a part of this transformative journey? Join us as a partner, and let's script history together.

Partner With Us | Reach Out For More

Whether it's through enriching resources, stories from the heart of the digital realm, or collaborative synergies, YouthIGFA continues its mission of crafting a brighter digital future for Afghanistan.

3. GET INVOLVED

Youth participation lies at the core of YouthIGFA's principles. We encourage both young people as well as established professionals to join us in ensuring an improved YouthIGFA each time. In addition to our annual YouthIGFA event, which offers a platform for active participation, we may offer periodic information sessions throughout the year. These opportunities allow youth to engage, exchange insights, and influence the future narrative of Internet governance in Afghanistan.

[\[Participate\]](#) [\[Volunteer\]](#) [\[Sponsor\]](#) [\[Partner\]](#)

Discover the various ways you can actively engage with YouthIGFA:

1. **Participate:** Join our annual event and actively engage in discussions, workshops, and sessions. Your voice matters in shaping Afghanistan's digital future. Register!
2. **Volunteer:** Become a YouthIGFA volunteer and contribute your time and skills to support our initiatives. Volunteers play a crucial role in making our events and programs a success. Register!
3. **Sponsor:** Support our mission as a sponsor and enjoy the benefits of association. Your contribution empowers Afghan youth and positions your organization as a leader in the digital landscape. Explore more!
4. **Partner:** Collaborate with us as a partner. By working together, we can amplify our efforts and create more opportunities for Afghan youth. Explore more!

3. EVENTS

Every year, YouthIGFA's event is where young Afghans from diverse backgrounds come together to discuss and shape digital futures. Diversity is paramount, with a special focus on inclusivity, encompassing women, different ethnic and religious groups, as well as individuals with disabilities. YouthIGFA values grassroots involvement, ensuring that the broader community actively contributes to shaping discussions.

- ICANN 78
- AI Policy Summit

4. PROGRAM

The Youth IGF Afghanistan 2023 program intricately addresses contemporary Internet governance challenges and opportunities. Themes range from "Digital Competence" and "Navigating Digital Careers" to "Inclusivity & Accessibility" and "Leadership in the Digital Age." The 2023 agenda encompasses inaugural speeches, panel discussions, workshops, and interactive sessions that dive deep into these themes, providing a comprehensive view of the Internet governance landscape.

[Program Details]

The Youth IGF Afghanistan 2023 program is carefully crafted to address the most pressing Internet governance challenges and opportunities faced by our youth today. Key issues, topics, and our detailed agenda work in tandem to shed light on this dynamic landscape. We are excited about the robust discussions and transformative learning awaiting us.

Key Issues:

In this rapidly digitalizing era, it's paramount for Afghan youth to actively engage in shaping the digital tapestry of their future. Our program for this year delves deep into the cornerstone issues of Internet governance pertinent to our youth:

i. Digital Competence: As technology keeps evolving, the skills and competencies needed to harness its potential evolve too. How can our youth stay ahead and become the technical experts of tomorrow?

ii. Navigating Digital Careers: The digital domain is vast, from coding to digital marketing, from AI research to cybersecurity. How can our youth best position themselves for these future job markets and be at the forefront of digital innovation?

iii. The Future of the Internet: How do we envision the Internet's role in our lives, society, and economy's growth in the next 10-20 years? And what challenges and opportunities lie on this horizon?

iv. Rights & Responsibilities Online: Beyond accessing the Internet, understanding the nuances of our youth's online rights and responsibilities, from data privacy to freedom of expression, is crucial. How can we empower Afghan youth to navigate these digital dynamics effectively?

v. Digital Entrepreneurship: How can the youth leverage the Internet and digital platforms to innovate, start new ventures, and contribute to Afghanistan's economic growth?

vi. Inclusivity & Accessibility: Ensuring the digital space is welcoming and accessible for all, regardless of gender, disability, or socio-economic status, is a key challenge. How do we make this vision a reality?

vii. Online Safety Initiatives: Establishing initiatives focused on online safety to empower Afghan youth with the knowledge and tools necessary for safe and responsible online engagement. What steps can we take to achieve this goal?

viii. Data Privacy Advocacy: Promoting policies and initiatives that safeguard the data and privacy rights in the digital landscape. What strategies can be implemented to ensure the protection of their digital privacy?

ix. Leadership in the Digital Age: With the Internet playing such a pivotal role in modern society, cultivating digital leadership skills among our youth is more important than ever. How can they influence and drive Internet governance and policy-making in the coming years?

With these issues at the core of our discussions, Youth IGF Afghanistan 2023 aims to empower young participants, arming them with knowledge, skills, and a vision to lead Afghanistan into a promising digital future.

Key Topics:

A range of important topics that form the core of this year's Youth IGF Afghanistan have been carefully curated, keeping in mind the rapidly changing digital landscape and the aspirations of our youth. While this list serves as a guide, we encourage the speakers to mold these themes according to their expertise and insights. They can pitch fresh angles or entirely new topics that align with the broader vision of the forum.

- Digital Rights and Responsibilities: Understanding the fundamental rights and duties of youth in the digital world.
- Technical Skills and Competencies for the Digital Age: Exploring the required technical proficiencies and certifications that are in demand, and how youth can acquire and enhance them.
- Internet Accessibility: Prioritizing a digitally inclusive Afghanistan, making sure every individual, regardless of their background or abilities, can access and benefit from the Internet.
- Online Safety: Empowering youth with essential tools and knowledge to explore the online space safely, protecting their data and identity.
- Future Careers in the Digital Domain: Unveiling the emerging career opportunities in the digital sector, from AI to cybersecurity, and guiding youth on how to prepare for them.
- Visioning the Internet in 10-20 Years: Encouraging young minds to reflect and discuss the potential evolution, challenges, and opportunities the Internet might present in the next decade or two.
- Online Entrepreneurship and Innovation: Highlighting avenues for youth to harness the Internet's power for startups, business innovations, and social impact projects.
- Empowering the Next Digital Leaders: Cultivating leadership skills among youth to drive and influence future Internet governance and digital policy directions.

Agenda:

The Youth IGF Afghanistan 2023 will be held on **4th December**. It will start with inaugural speeches followed by panels and closing remarks. Detailed schedule is below:

Youth IGF Afghanistan 2023 Agenda

December 4, 2023

1:00 PM - 1:20 PM: Inaugural Session

- Recap of the day's events
- Acknowledgments
- Closing remarks

5. SPEAKERS

Our speakers are the voices that inspire and ignite. At YouthIGFA, we take immense pride in presenting a diverse lineup of speakers – individuals who not only lead in their respective fields of Internet governance and technology but also resonate deeply with the aspirations of our youth. Their journeys, insights, and foresights serve as guiding and inspiring young minds towards a digitally empowered Afghanistan. Dive in to discover the luminaries gracing our event this year.

The speaker announcement is on its way – stay tuned!

6. INITIATIVES**i. A Digital Future Shaped by the Youth (podcast series)**

At YouthIGFA, our faith in the boundless potential of the Afghan youth resonates through every episode of our podcast. This series is our tribute to the youth voices, their dreams, and aspirations in the digital realm. Tune in as we dive into empowering conversations, great stories of resilience, and shine a light on the young leaders shaping the digital tomorrow.

Episodes and synopsis:

- **Empowering Tomorrow's Netizens:**

Dive into how digital leadership is not just about technology, but about the mindset, values, and passion the youth bring to the table.

- **Digital Narratives from Afghanistan:**

Hear firsthand accounts from young Afghans navigating the online world, their challenges, triumphs, and aspirations.

- **Tech & Tradition - A Harmonious Blend:**

Discover how the Afghan youth are blending modern digital tools with rich cultural traditions to create a unique online identity.

- **The Afghan Youth's Digital Roadmap:**

A deep dive into the initiatives and movements led by young Afghans to shape their nation's digital landscape.

- **Internet Governance - A Youth Perspective:**

Join us in exploring the nuances of internet governance from the perspective of young digital advocates, their concerns, and solutions.

Tune in, get inspired, and become a part of the journey towards a digital future led by the youth!

[Have a say? Get Involved!](#)

ii. Youth Participation: Your Voice, Our Symphony

Our dream for a better digital tomorrow is echoed through our series of quarterly webinars. Most of our decision-making forums, committees, and panels fueled by youth perspectives, we're dedicated to ensuring you're not just a spectator but an active contributor. Each webinar is an opportunity to join the dialogue, share your insights, and shape the future of Internet governance in Afghanistan. Want to influence the narrative? Dive into our upcoming sessions.

Upcoming Webinars:

- **The Digital Horizon: Youth at the Forefront**

Delve into the roles young Afghans can play in steering the nation towards a brighter digital future. Share your aspirations, questions, and thoughts on what lies ahead.

- **Tech Innovators: The New Age Champions**

Explore how young tech enthusiasts are carving niches, innovating, and pushing boundaries in the digital space. Join in to celebrate their triumphs and challenges.

[Learn More & Get Involved](#)

iii. Youth Recognition: Celebrating Digital Stars

In the vast digital sky, we spot stars - young leaders who've made a mark in the realms of Internet governance, digital innovation, or online advocacy. Our annual YouthIGFA recognition program showcases these champions, ensuring their contributions light the way for many. Got a story of digital resilience or innovation? Let us spotlight you.

[Submit Your Story & Be Recognized](#)

iv. Youth Leadership: Crafting Tomorrow's Trailblazers

Leadership is not just about holding a title; it is about paving paths, inspiring others, and shouldering responsibilities. Our aim? To nurture **20 youth leaders** by the end of 2024, champions who would not only lead the digital discourse within Afghanistan but also represent our vibrant youth on international stages. If you are fueled with a passion for Internet governance and a vision for a more inclusive digital Afghanistan, we are here to guide you on your leadership journey.

[Join Our Leadership Program](#)

From participation to recognition to digital leadership, our initiatives are a reflection of our confidence in the power of the Afghan youth. We invite you to be a part of this exciting journey, crafting a brighter, more inclusive digital future for Afghanistan.

7. RESOURCES

- **Nurturing a Digitally Aware Youth**

In the ever-evolving digital landscape, knowledge remains a true power. At YouthIGFA, we are committed to fostering a culture of continuous learning among our youth. Explore a repository of resources.

- **Reports:**

Each gathering, each forum, each voice — they've left an indelible mark. Journey through our detailed reports to understand the discussions, outcomes, and visions set forth in our past events.

[Browse the Reports](#)

- **Guides:**

The world of Internet governance, digital rights, and more can be a maze. But fear not! The guides, simple yet insightful, are here to illuminate your path. Whether you're a newbie or a seasoned enthusiast, there is always something to learn.

8. FAQs

Exploring the Curiosities of Our Youth

Over time, many passionate folks like you have reached out with questions about our movement, the essence of YouthIGFA, and how they can be a part of it. Here, we've collated the most frequent ones, hoping to provide you a clearer picture.

Q1: What is the main objective of YouthIGFA?

A1: YouthIGFA is not just a forum; it's a heartfelt youth-led Internet governance initiative. Our goal is to put young Afghans at the forefront of digital conversations. We want their experiences, challenges, and dreams to be at the heart of Internet governance in Afghanistan.

Q2: How can I attend the upcoming YouthIGFA event?

A2: It's simple! Head over to our 'Events' section, find the upcoming event, and you'll see a registration link or button. Follow the process, and you're in!

Q3: I missed the last event. Can I access any resources or summaries?

A3: Absolutely! Under our 'Resources' and 'Past Events' sections, you'll find detailed reports, media content, and more that capture the essence of our previous gatherings.

Q4: How can I contribute or be a part of the YouthIGFA movement?

A4: Your enthusiasm warms our hearts! There are various ways to be involved — from attending our events to becoming a partner or even sharing insights on our blog. For specific collaborations, do reach out via our 'Contact Us' page.

Q5: Do I need to have prior knowledge about Internet governance to participate?
A5: Not at all! While prior knowledge can be beneficial, our events and resources cater to both newcomers and seasoned enthusiasts. The essence is your eagerness to learn and contribute.
